## SUMMARY

Software engineering student with a strong foundation in programming, algorithms, and web development. Proficient in Python and Java, with experience in project development and management. Skilled in team collaboration, leading projects, and adapting to new technologies. Focused on designing scalable and efficient software solutions.

## EDUCATION

**Institute Of Aeronautical Engineering**, Hyderabad, India

Computer Science Engineering (Cybersecurity) | BTech

Sep 2023 - Sep 2027

CGPA: 8.98

**Rajiv Gandhi University of Knowledge and Technology**, Kadapa, India

Major: MPC | Minor: IT | Pre-University Course

Aug 2021 - Jul 2023

CGPA: 9.22

**Kakatiya Group of Schools**, Hyderabad, India

SSC

May 2021

CGPA: 10

## SKILLS

Programming Languages:	Python, Java, C#
Frontend:	HTML, CSS, JavaScript
Developer Tools:	VS Code
Soft Skills:	Critical Thinking, Teamwork, Leadership
Coursework:	Object-Oriented Programming, Operating Systems, Data Structures

## PROJECTS

**Mutual Management System | Java**

Jan 2025

- Developed a Java-based application following industry-standard software engineering practices.
- Implemented optimized data processing algorithms to enhance connection recommendations.
- Designed and deployed a user-friendly interface supporting real-time engagement tracking.
- GitHub:** [Mutual Management System](#)

**File Management System | Python**

Jan 2025

- Engineered a data-driven software solution for secure file storage and retrieval.
- Integrated structured file organization using Python and sequential file allocation.
- Enhanced data accessibility and security through collaborative access management techniques.
- GitHub:** [File Management System](#)

**Amazon Shopping Clone | HTML, CSS**

Mar 2025

- Developed a functional Amazon homepage clone using HTML and CSS.
- Structured and styled navigation bars, product sections, and footers for an improved user experience.
- Enhanced UI aesthetics with custom CSS styles and interactive elements.
- GitHub:** [Amazon Shopping Clone](#)

## CERTIFICATIONS

- Earned a **Python certification** from [HackerRank](#).
- Achieved a **Java certification** from [HackerRank](#).
- Completed a **Python training program** from [Reliance Foundation Skilling Academy](#).

## E-PORTFOLIO

- Portfolio:** [e-portfolio](#) – Showcases projects, skills, and career profile.

## ACHIEVEMENTS

- Maintained a CGPA of 8.98 up to II-SEM.
- Earned a Gold badge in Python and Silver badge in Java on HackerRank.
- Successfully completed Java and Python certification skill tests.
- Participated in TCS Codevita Season 12.
- Competed in a Coding Contest at VNRVJIET during Convergence 2024.
